Dance EDM House Progressive House Sound Trance

Zach Gambill posted on May 14, 2013, 3:10 PM

Tiësto feat. Kyler England – Take Me (Original Mix)

Taken as the first single from his upcoming *Club Life Volume 3: Stockholm* compilation, **Tiësto's** "Take Me" also serves as the legendary DJ's first solo outing in 2013. He described the song to **Billboard** as the "perfect definition of what I stand for at the moment," combining a trance-ready vocal from **Kyler England** with bouncy progressive house tendencies that really represent Tiësto's evolution as a producer. No doubt you'll be hearing a lot of this one from now until the end of Summer.

Beatport: **Tiësto feat. Kyler England – Take Me (Original Mix)**
