# Tiësto ft. Kyler England - Take Me [Release]

BY RYAN MIDDLETON MAY 16, 2013

Tiësto and his team have been busy cranking out tracks this year, from remixes for the likes of **Passion Pit**, **Dada Life** and **Zedd**, to now a flurry of originals set for release on his upcoming **Tiësto Club Life Volume 3 Stockholm**. "Take Me" with LA based vocalist **Kyler England**, is the first of that onslaught of originals from the compilation, giving us a taste of what we can expect from Tiësto on the collaboration riddled compilation. "Take Me" brings out the big room sound we have quickly become accustomed to hearing from Tiësto, balancing Kyler England's vocals with an uplifting piano melody that cascades into a synth laden drop ready to rinsed out by the Dutch master this summer.
